Welcome to our Pediatric Cardiology Clinic

Your child has an appointment to be seen in one of our satellite pediatric cardiology clinics. Our physicians utilize either a hospital or another physician's office in your area to see patients. Enclosed you will find a patient registration packet, day and time of your appointment and the clinic address. Please complete our registration forms and bring them to your appointment along with your insurance card.

The doctor will see your child and decide if any cardiac testing is necessary. We bring equipment to perform EKG'S and ultrasound of the heart. The doctor can view the studies and give you the results of the tests at your visit.

Our main office is located in Sacramento.

All appointments are handled through our main office.

If you need to reschedule or cancel your appointment, please call our office at (916) 452-5391 or 1-800-525-1462.

If you have any questions please call our main Sacramento office.

We will be happy to assist you.
